

## **TRANSPORTATION ASSISTANCE**

Capital Radiosurgery Centers (“CRC”) understands that some patients may have difficulties in securing reliable transportation to and from scheduled treatments.

Our ability to effectively provide the medical treatments you require is dependent upon your ability to arrive on time for every scheduled procedure.

CRC offers a local transportation service to those eligible patients who qualify for assistance. CRC offers this service through Round Trip, and independent transportation company. If you are eligible for transportation assistance, CRC will connect you with Round Trip to schedule your transportation.

Please complete and sign the attached form.
